Please assist

Please note: Families who qualified for benefits the previous year must resubmit a completed "Application for Educational Benefits" form by October 16, 2017 to continue receiving benefits.

Virginia Public Schools receive additional educational funds for completed and approved "Application for Educational Benefits" form for free or reduced meals.

A large amount of state and federal funds for schools is based upon the number of families that qualify for free and reduced meal programs. The district receives additional funding in Title 1, e-rate technology and basic skills funding when more students qualify for free or reduced lunch prices. Therefore it is important that all parents of eligible students fill out and return an "Application for Educational Benefits" form. The forms are sent home at the beginning of the year with students. Copies can also be picked up at the principal's office or food service office.
